Eagle Heights Announces Improved Utility Changes

We are pleased to announce a change to the current utility billing process. All residents will now enjoy singular billing of both electric & gas usages for their homes. Minol will be the new billing company that will invoice you for your electric and gas consumption. Through Minol, you will be able to better monitor your consumption, utilizing their innovative website. This newest implementation is a step towards Hunt's efforts to create a greener community. Anytime a change can be made for the common good of all-it is a change that should be embraced with great enthusiasm! We will keep everyone posted on this new initiative as well as HUNT's upcoming solar panel initiative.
