Eagle Height's Maintenance

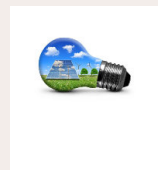

We are very excited to introduce our new Maintenance Director ~ Dennis Donovan. Dennis joins our Team with over 20 years of experience in the maintenance field. He is excited to share that knowledge and leadership with the team. Dennis relocated from the sunny shores of St. Petersburg, FL and is looking forward to this new adventure with his wife Amy and their children. In his spare time Dennis is active in youth ministries and volunteers to help the homeless. Dennis is also an avid fisherman and can't wait to find the perfect fishing spot!

MINOL Change-Over is on Target

We are on target for the transfer of the new utility billing. Come April 1st, Minol will be sending out the new streamlined utility statements that will include both gas and electric. In the meantime, there is nothing that any of our residents will need to do. Once you receive your final gas and electric bill, just pay it as you normally would. All of the account transfers and set ups, will be taken care of for you.

RENEWABLE ENERGY! NOW THAT'S A BRIGHT IDEA

Community Garden Expands It's Sharing Potential

The Community Garden is ready to go! In the spirit of sharing and with the knowledge that many hands make for light work, the garden is now open to all interested persons that have base access. If you're interested in learning from a master gardener and would like to participate in this amazing community amenity, just let us know. Once again we are thrilled that, MSgt John Maynard has offered to spearhead and organize this collaborative and share his invaluable gardening knowledge! MSgt Maynard has enlisted the assistance of SSgt Sturino and together they will lead the way in cultivating a great garden for 2017! In addition to these new changes, we will also be engaged with the Kent County Garden Collaborative, and DSHSS to bring you exciting educational programs. More information to follow on the educational programs. Contact MSgt Maynard at 719-424-0598 or john.maynard.1@us.af.mil
